EXPERIENCE

The Yabi.Deh Project / Graduate Assistant

10.2023 -

- Coding web scraping spiders with Python
- Crafting dynamic, responsive data visualizations
- Researching global art scenes to advocate for underrepresented artists in museums and galleries

Sony Music / Track & Playlist Marketing Intern at Legacy

06.2024 - 08.2024

- Oversaw curation and creative direction of Filtr Official college playlists, created marketing assets to drive streaming revenue
- Monitored online trends surrounding catalog tracks and pitched reactive marketing ideas to artist management teams
- Optimized track and product metadata to boost artist visibility

Scarpidis Design / Marketing & Design Intern

01.2024 - 05.2024

- Restructured the firm's website for enhanced user experience, seamless e-commerce integration, and user interface optimization
- Developed social content strategies and email marketing materials to boost online following and reach new clients

Influential / Associate, Strategy & Analytics

06.2022 - 08.2023

- Built custom slides for proposal decks and post-sale market intelligence reports for Fortune 500 clients
- Forecasted rising TikTok trends through social listening and leveraged them to maximize campaign engagement
- Formulated and quality checked surveys, analyzed results to discover key lift drivers of brand health metrics

Annenberg Inclusion Initiative / Project Assistant

08.2019 - 06.2022

- Created graphics for publications, social media, and presentations to entertainment industry partners
- Analyzed trends and wrote reports to promote diverse onscreen portrayals and hiring practices
- Trained undergraduate student workers while supervising data collection for accuracy and reliability
